## *About Us*

Based in Lahore and founded in 2015, Lahore Fabrication & Engineering Industries is a dedicated and professional company providing Fabrication & Engineering services in Pakistan's construction sector. We are leading manufacturer of Guardrail, Cable Management System, Fencing, Steel Gantries, Electric & Communication Poles, Road Crossing Bridges and Heavy Steel Structures of any kind.

We have a proven track record of providing our services to prestigious Oil & Gas projects and other construction and engineering sectors. We never compromise on quality and strive to deliver the best products and services to our esteemed clients.

Our goal is to serve the clients in a reliable, responsive and cost effective manner; to ensure client's satisfaction by building strong, professional, business relationships.

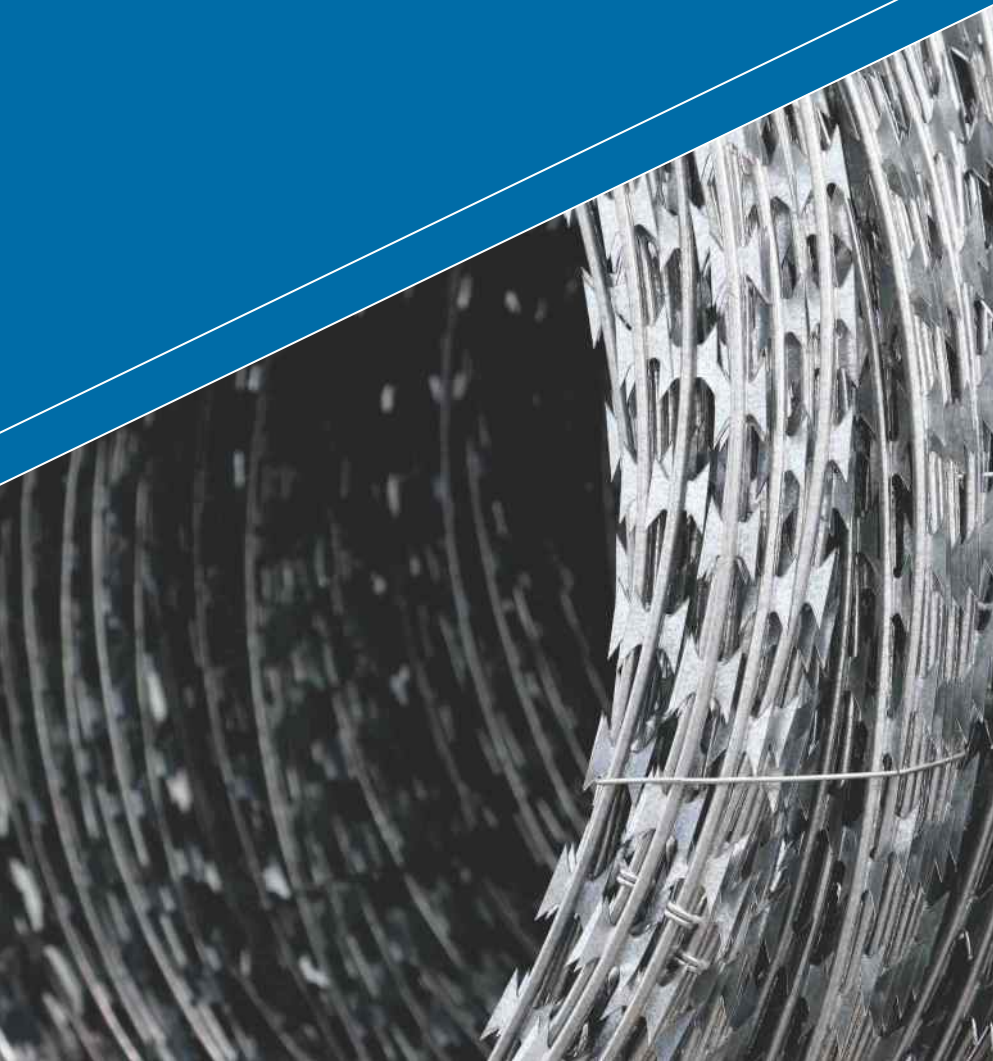

# *Our Vision*

*To be the world's most reliable and innovative manufacturer, service and solution provider in the construction and engineering sectors.*

# *Mission*

To supply high-quality steel products, providing related services and solutions to our clients while utilizing innovative technologies within an environment of motivated employees focused on continuous improvement.

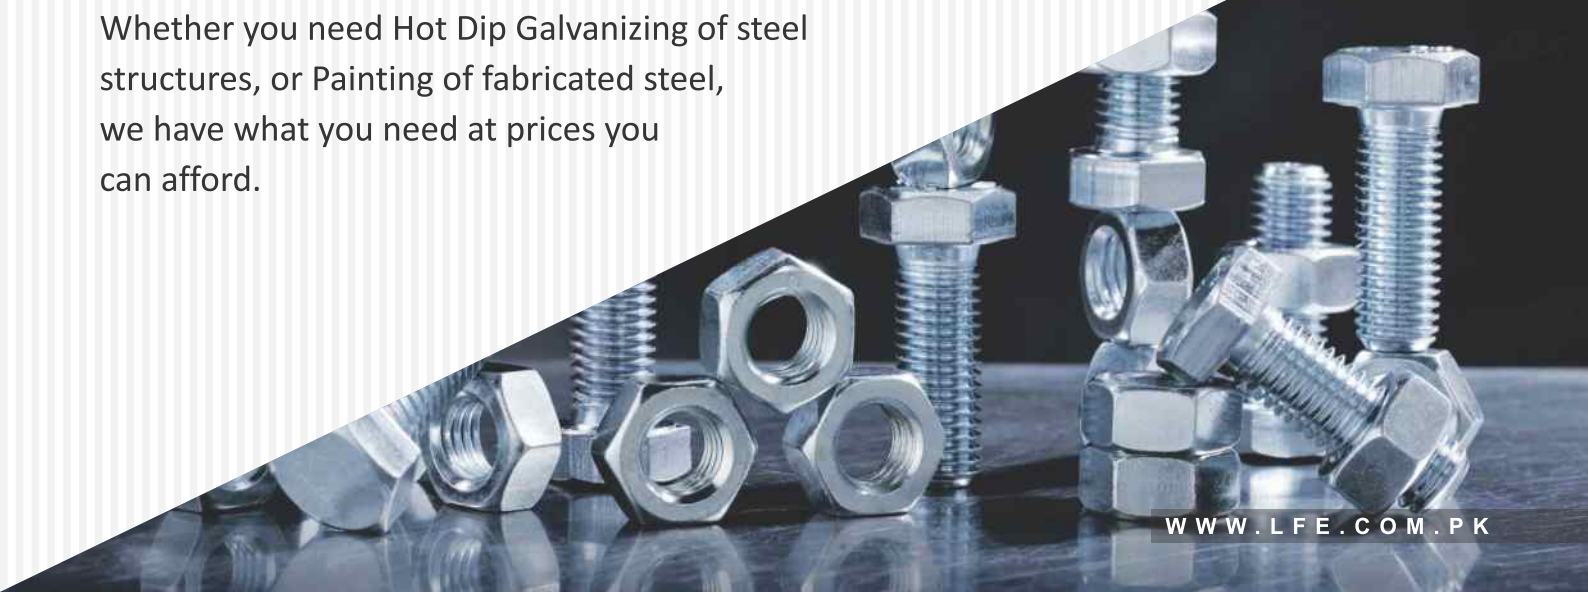

# *Galvanization*

We provide our services for most steel fabricators in Pakistan. With this method the materials are protected from bad conditions and the product life is extended in time. Moreover, at the end of its life cycle, product can be completely recycled into a new fusion, without releasing any rust.

Whether you need Hot Dip Galvanizing of steel structures, or Painting of fabricated steel, we have what you need at prices you can afford.

## *Guardrail* | W-Beam

**Guardrail** with 1.9 meters post-to-post spacing

**Guardrail** with 3.8 meters post-to-post spacing

W-beam type is the most frequently used type of Guardrail on our national roadways. It's a roll-formed product that is shaped out of steel coil into the shape of "W" and typically Galvanized to prevent corrosion, which ultimately increases the life cycle of the Guardrail.

Guardrail can be installed on steel posts using a variety of different post spacing options.

# *Cable Management System*

We are manufacturing Cable Tray, Cable Ladder, Perforated Cable Tray, Cable Tray Accessories, U-Channel Support, Unistrut Channel Support System that supports all kind of Cables Installation/laying system with fitting Hot-dipped galvanized Cable Trays with solid cover are manufactured for outdoor use, which gives proper protection against corrosion.

High quality Cable Ladders are manufactured for industrial indoor usage to carry heavy cables. We manufacture Perforated Cable Trays to be used without cover for computer communication cables under floor.

We have a fully equipped state of the art production facility operated by highly skilled and experienced workforce. Our Cable Management accessories are produced under strict quality standards at every stage. These are accompanied by smooth radius fittings and a wide selection of materials and finishes.

## *Poles & Towers*

We design and manufacture Poles and Towers to suit your needs. Poles are manufactured using MS pipes and then Hot-Dip Galvanized to prevent from corrosion. Different types of Poles are available.

- **Tubular Street Light Poles**
- **Octagonal Street Light Poles**
- **Decorative Poles**
- **Traffic Poles**
- **Transmission Line Towers**
- **Telecommunication Towers**

# *Fence*

Fencing is a solution to protect your certain areas, assets, people, equipment, rivers, borders, sports fields, roads and other installations.

All our Fence fabrication work is carried out to the highest standards and our reputation is built on offering a quality, dependable, proven and cost effective service.

We deal in:

- **Chain Link Fence**
- **Razor Wire Fence**
- **Barbed Wire**

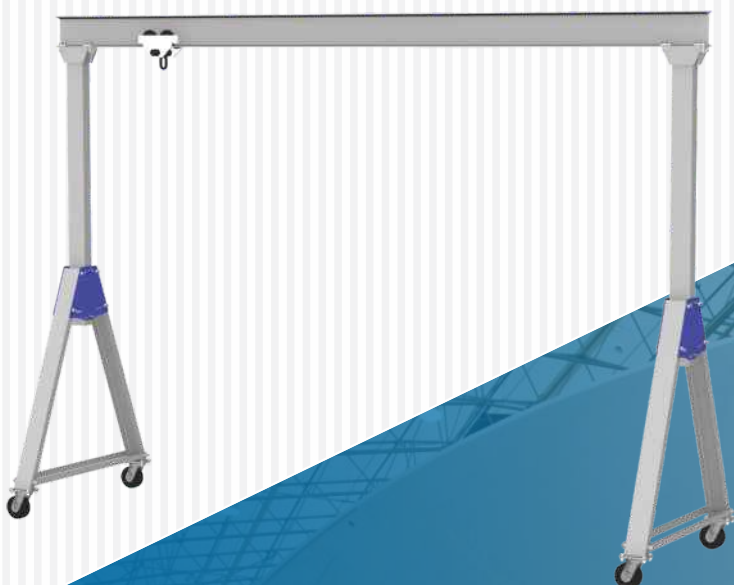

# *Steel Gantries*

LFE designs and manufactures a complete line of Steel Gantries. Fixed and adjustable Gantries are manufactured under guidelines of professional standards.

Our in-house steelwork management team has capabilities of design service for the calculation of loads and stresses associated with the full spectrum of steel work required.

All our adjustable Steel Gantry cranes are easy to assemble, disassemble, adjust, and move to wherever you need them.

# *Steel Fabrication*

LFE is proud to be one the most diversified specialty steel fabricating company in Pakistan. We are dedicated to the production of high quality custom metal fabrication with on-time delivery that meets or exceeds our customer's satisfaction.

Our steel fabrication work includes:

- Fuel/HSD Storage Tanks
- Warehouses
- Steel Structure & Piping
- Steel Stands
- Stairs & Hand Rails
- Steel Platforms
- Steel Gentries
- Steel Grating
- Custom Steel Structures
